

## U.S. Department of Homeland Security Awards PACTS II to DAI Solutions and gTangible Partners

Alexandria, Va., March, 2017 – Recently, the U.S. Department of Homeland Security (DHS) awarded its Program Management, Administrative, Operations, and Technical Services (PACTS II) indefinite delivery/indefinite quantity (IDIQ) contract vehicle to gTANGIBLE Corporation and its partners including Dougherty & Associates, Inc. (DAI Solutions).

Through this five-year vehicle, DAI Solutions will provide program management support including strategic consulting, change management and communications support.

“DAI Solutions is excited to be a partner with gTANGIBLE on this opportunity. Our program management, change management and communications expertise will ensure that DHS’ investments are adopted and used by its stakeholders,” said DAI Solutions Chief Executive Officer Dr. Sherilyne E. Dougherty.

“gTANGIBLE is honored to be a DHS PACTS II prime contractor and to have DAI Solutions as our teammate. PACTS II is a Service-Disabled Veteran-Owned Small Business (SDVOSB) IDIQ that supports the Department of Homeland Security and its Components. Moving forward together, gTANGIBLE and DAI will directly support DHS in the accomplishment of its mission,” said gTANGIBLE’s CEO Mr. Jack Gallagher.

PACTS II will be used across DHS and its Components for program management and technical services support. The ordering period for this IDIQ is five years.

### *About DAI Solutions*

A certified woman-owned small business headquartered in Alexandria, Virginia, Dougherty & Associates, Inc. (DAI Solutions) is a boutique management consulting firm focused on the people part of transformation. Since 2000, we have supported transformation initiatives within the Departments of Commerce, Defense, Health and Human Services, Homeland Security and Veterans Affairs (VA). We help organizations prepare for significant transformation and come through it better equipped to meet their priorities. We bring the tools that enable change—a strategic knowledge of how to drive successful change, an ability to communicate change needs persuasively, and the training expertise to bring the workforce to where they need to be.
